MANAGEMENT REPORT

Version: 1718-2655-9672

Management's Responsibility for the Financial Statements.

The accompanying financial statements of School District No. 62 (Sooke) have been prepared by management in accordance with the accounting requirements of Section 23.1 of the Budget Transparency and Accountability Act of British Columbia, supplemented by Regulations 257/2010 and 198/2011 issued by the Province of British Columbia Treasury Board, and the integrity and objectivity of these statements are management's responsibility. Management is also responsible for all of the notes to the financial statements and schedules, and for ensuring that this information is consistent, where appropriate, with the information contained in the financial statements.

The preparation of financial statements necessarily involves the use of estimates based on management's judgment particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Management is also responsible for implementing and maintaining a system of internal controls to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and reliable financial information is produced.

The Board of Education of School District No. 62 (Sooke) (called the "Board") is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control and exercises these responsibilities through the Board. The Board reviews internal financial statements on a monthly basis and externally audited financial statements yearly.

The external auditors, KPMG LLP, conduct an independent examination, in accordance with Canadian generally accepted auditing standards, and express their opinion on the financial statements. The external auditors have full and free access to financial management of School District No. 62 (Sooke) and meet when required. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School District's financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Education, and
To the Minister of Education, Province of British Columbia

We have audited the accompanying financial statements of School District No. 62 (Sooke), which comprise the statements of financial position as at June 30, 2018, the statements of operations, changes in net financial assets (debt) and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation of these financial statements in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained in our audits is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements of School District No. 62 (Sooke) as at and for the year ended June 30, 2018 are prepared, in all material respects, in accordance with the financial reporting provisions of Section 23.1 of the Budget Transparency and Accountability Act of the Province of British Columbia.

Emphasis of Matter

Without modifying our opinion, we draw attention to note 2 to the financial statements, which describes the basis of accounting and the significant differences between such basis of accounting and Canadian public sector accounting standards.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 1 AUTHORITY AND PURPOSE

The School District, established on April 12, 1946 operates under authority of the *School Act* of British Columbia as a corporation under the name of "The Board of Education of School District No. 62 (Sooke)", and operates as "School District No. 62 (Sooke)." A board of education ("Board") elected for a four-year term governs the School District. The School District provides educational programs to students enrolled in schools in the district, and is principally funded by the Province of British Columbia through the Ministry of Education. School District No. 62 (Sooke) is exempt from federal and provincial corporate income taxes

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The financial statements of the School District are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the School District are as follows:

a) Basis of Accounting

These financial statements have been prepared in accordance with Section 23.1 of the *Budget Transparency and Accountability Act of the Province of British Columbia*. This Section requires that the financial statements be prepared in accordance with Canadian public sector accounting standards except in regard to the accounting for government transfers as set out in Notes 2(g) and 2(o).

In November 2011, Treasury Board provided a directive through Restricted Contributions Regulation 198/2011 providing direction for the reporting of restricted contributions whether they are received or receivable by the School District before or after this regulation was in effect.

As noted in Notes 2(g) and 2(o), Section 23.1 of the *Budget Transparency and Accountability Act* and its related regulations require the School District to recognize government transfers for the acquisition of capital assets into revenue on the same basis as the related amortization expense. As these transfers do not contain stipulations that create a liability, Canadian public sector accounting standards would require these grants to be fully recognized into revenue.

b) Basis of Consolidation

The School District does not control any significant external entities and accordingly no entities have been consolidated with the financial statements.

The School District has entered into trust activities with some employees; these are described in Note 15.

c) Cash and Cash Equivalents

Cash and cash equivalents include cash and highly liquid securities that are readily convertible to known amounts of cash and that are subject to an insignificant risk of change in value. These cash equivalents generally have a maturity of three months or less at acquisition and are held for the purpose of meeting short-term cash commitments rather than for investing.

d) Accounts Receivable

Accounts receivable are measured at amortized cost and shown net of allowance for doubtful accounts.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

e) Portfolio Investments

The School District has investments in GIC's that have a maturity of greater than 3 months at the time of acquisition. GIC's are reported at cost.

f) Unearned Revenue

Unearned revenue includes tuition fees received for courses to be delivered in future periods and receipt of proceeds for services or products to be delivered in a future period. Revenue will be recognized in that future period when the courses, services, or products are provided.

g) Deferred Revenue and Deferred Capital Revenue

Deferred revenue includes contributions received with stipulations that meet the description of restricted contributions in the Restricted Contributions Regulation 198/2011 issued by Treasury Board. When restrictions are met, deferred revenue is recognized as revenue in the fiscal year in a manner consistent with the circumstances and evidence used to support the initial recognition of the contributions received as a liability as detailed in Note 2(o).

Funding received for the acquisition of depreciable tangible capital assets is recorded as deferred capital revenue and amortized over the life of the asset acquired as revenue in the statement of operations. This accounting treatment is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that creates a liability in which case the transfer is recognized as revenue over the period that the liability is extinguished.

h) Employee Future Benefits

The School District provides certain post-employment benefits including vested and non-vested benefits for certain employees pursuant to certain contracts and union agreements.

The School District accrues its obligations and related costs including both vested and non-vested benefits under employee future benefit plans. Benefits include vested sick leave, accumulating non-vested sick leave, retirement/severance, vacation, overtime and death benefits. The benefits cost is actuarially determined using the projected unit credit method pro-rated on service and using management's best estimate of expected salary escalation, termination rates, retirement rates and mortality. The discount rate used to measure obligations is based on the cost of borrowing. The cumulative unrecognized actuarial gains and losses are amortized over the expected average remaining service lifetime (EARSL) of active employees covered under the plan.

The most recent valuation of the obligation was performed at March 31, 2016 and projected to March 31, 2019. The next valuation will be performed at March 31, 2019 for use at June 30, 2019. For the purposes of determining the financial position of the plans and the employee future benefit costs, a measurement date of March 31 was adopted for all periods subsequent to July 1, 2004.

The School District and its employees make contributions to the Teachers' Pension Plan and Municipal Pension Plan. The plans are multi-employer plans where assets and obligations are not separated. The costs are expensed as incurred.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

i) Asset Retirement Obligations

Liabilities are recognized for statutory, contractual or legal obligations associated with the retirement of tangible capital assets when those obligations result from the acquisition, construction, development or normal operation of the assets. The obligations are measured initially at fair value, determined using present value methodology, and the resulting costs capitalized into the carrying amount of the related tangible capital asset. In subsequent periods, the liability is adjusted for accretion and any changes in the amount or timing of the underlying future cash flows. The capitalized asset retirement cost is amortized on the same basis as the related asset and accretion expense is included in the Statement of Operations.

j) Liability for Contaminated Sites

Contaminated sites are a result of contamination being introduced into air, soil, water or sediment of a chemical, organic or radioactive material or live organism that exceeds an environmental standard. A liability for remediation of contaminated sites is recognized when a site is not in productive use and all the following criteria are met:

- an environmental standard exists;
- contamination exceeds the environmental standard;
- the School District:
 - is directly responsible; or
 - accepts responsibility;
- it is expected that future economic benefits will be given up; and
- a reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site. The liability is recorded net of any expected recoveries.

k) Tangible Capital Assets

The following criteria apply:

- Tangible capital assets acquired or constructed are recorded at cost which includes amounts that
 are directly related to the acquisition, design, construction, development, improvement or
 betterment of the assets. Cost also includes overhead directly attributable to construction of the
 asset.
- Donated tangible capital assets from non-related parties are recorded at their fair market value on the date of donation.
- Work-in-progress is recorded as an acquisition to the applicable asset class at substantial completion.
- Tangible capital assets are written down to residual value when conditions indicate they no longer
 contribute to the ability of the School District to provide services or when the value of future
 economic benefits associated with the sites and buildings are less than their net book value. The
 write-downs are accounted for as expenses in the Statement of Operations.
- Buildings that are demolished or destroyed are written-off.
- Works of art, historic assets and other intangible assets are not recorded as assets in these financial statements.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

k) Tangible Capital Assets (continued)

 The cost, less residual value, of tangible capital assets (excluding sites), is amortized on a straight-line basis over the estimated useful life of the asset. It is management's responsibility to determine the appropriate useful lives for tangible capital assets. These useful lives are reviewed on a regular basis or if significant events initiate the need to revise. Estimated useful life is as follows:

Buildings 40 years
Furniture & Equipment 10 years
Vehicles 10 years
Computer Software 5 years
Computer Hardware 5 years

Capital Leases

Leases that, from the point of view of the lessee, transfer substantially all the benefits and risks incident to ownership of the property to the School District are considered capital leases. These are accounted for as an asset and an obligation. Capital lease obligations are recorded at the present value of the minimum lease payments excluding executor costs, e.g., insurance, maintenance costs, etc. The discount rate used to determine the present value of the lease payments is the lower of the School District's rate for incremental borrowing or the interest rate implicit in the lease.

All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

m) Prepaid Expenses

Payments for insurance, leases, subscriptions and maintenance contracts for use within the School District in the future period are included as a prepaid expense and stated at acquisition cost and are charged to expense over the periods expected to benefit from it.

n) Funds and Reserves

Certain amounts, as approved by the Board are set aside in accumulated surplus for future operating and capital purposes. Transfers to and from funds and reserves are an adjustment to the respective fund when approved (see Note 16 – Interfund Transfers and Note 25 – Accumulated Surplus).

o) Revenue Recognition

Revenues are recorded on an accrual basis in the period in which the transactions or events occurred that gave rise to the revenues, the amounts are considered to be collectible and can be reasonably estimated.

Contributions received or where eligibility criteria have been met are recognized as revenue except where the contribution meets the criteria for deferral as described below. Eligibility criteria are the criteria that the School District has to meet in order to receive the contributions including authorization by the transferring government.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

o) Revenue Recognition (continued)

For contributions subject to a legislative or contractual stipulation or restriction as to their use, revenue is recognized as follows:

- Non-capital contributions for specific purposes are recorded as deferred revenue and recognized as revenue in the year related expenses are incurred,
- Contributions restricted for site acquisitions are recorded as revenue when the sites are purchased, and
- Contributions restricted for tangible capital assets acquisitions other than sites are recorded as deferred capital revenue and amortized over the useful life of the related assets.

Donated tangible capital assets other than sites are recorded at fair market value and amortized over the useful life of the assets. Donated sites are recorded as revenue at fair market value when received or receivable.

The accounting treatment for restricted contributions is not consistent with the requirements of Canadian public sector accounting standards which require that government transfers be recognized as revenue when approved by the transferor and eligibility criteria have been met unless the transfer contains a stipulation that meets the criteria for liability recognition in which case the transfer is recognized as revenue over the period that the liability is extinguished.

Revenue related to fees or services received in advance of the fee being earned or the service is performed is deferred and recognized when the fee is earned or service performed.

Investment income is reported in the period earned. When required by the funding party or related Act, investment income earned on deferred revenue is added to the deferred revenue balance.

p) Expenditures

Expenses are reported on an accrual basis. The cost of all goods consumed and services received during the year is expensed.

Categories of Salaries

- Principals and Vice-Principals employed under an administrative officer contract are categorized as Principals and Vice-Principals.
- Superintendents, Assistant Superintendents, Secretary-Treasurers, Trustees and other employees excluded from union contracts are categorized as Other Professionals.

Allocation of Costs

- Operating expenses are reported by function, program, and object. Whenever possible, expenditures are determined by actual identification. Additional costs pertaining to specific instructional programs, such as special and aboriginal education, are allocated to these programs. All other costs are allocated to related programs.
- Actual salaries of personnel assigned to two or more functions or programs are allocated based on the time spent in each function and program. School-based clerical salaries are allocated to school administration and partially to other programs to which they may be assigned. Principals and Vice-Principals salaries are allocated to school administration and may be partially allocated to other programs to recognize their other responsibilities.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

p) Expenditures (continued)

- Employee benefits and allowances are allocated to the same programs, and in the same proportions, as the individual's salary.
- Supplies and services are allocated based on actual program identification.

q) Endowment Contributions

Endowment contributions are reported as revenue on the Statement of Operations when received. Investment income earned on endowment principal is recorded as deferred revenue if it meets the definition of a liability and is recognized as revenue in the year related expenses (disbursements) are incurred. If the investment income earned does not meet the definition of a liability, it is recognized as revenue in the year it is earned. Endowment assets are reported as restricted non-financial assets on the Statement of Financial Position.

r) Financial Instruments

A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The financial assets and financial liabilities portray these rights and obligations in the financial statements. The School District recognizes a financial instrument when it becomes a party to a financial instrument contract.

Financial instruments consist of cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and accrued liabilities. The School District does not have any derivative financial instruments.

All financial assets and liabilities are recorded at cost or amortized cost and the associated transaction costs are added to the carrying value of these investments upon initial recognition. Transaction costs are incremental costs directly attributable to the acquisition or issue of a financial asset or a financial liability. The School District has not invested in any equity instruments that are actively quoted in the market and has not designated any financial instruments to be recorded at fair value. The School District has no instruments in the fair value category.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

s) Measurement Uncertainty

Preparation of financial statements in accordance with the basis of accounting described in Note 2(a) requires management to make estimates and assumptions that impact reported amounts of assets and liabilities at the date of the financial statements and revenues and expenses during the reporting periods. Significant areas requiring the use of management estimates relate to the potential impairment of assets, rates for amortization and estimated employee future benefits. Actual results could differ from those estimates.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 10 EMPLOYEE FUTURE BENEFITS

Benefits include vested sick leave, accumulating non-vested sick leave, early retirement, retirement/severance, vacation, overtime and death benefits. Funding is provided when the benefits are paid and accordingly, there are no plan assets. Although no plan assets are uniquely identified, the School District has provided for the payment of these benefits.

The significant actuarial assumptions adopted for measuring the School District's accrued benefit obligations are:

Work in progress (WIP) includes buildings, furniture and equipment and computer hardware that have not been amortized. Amortization of these assets will commence when the assets are put into service.

<u>Contributed tangible capital assets</u>
Contributed capital assets are recognized at fair market value at the date of contribution. The value of contributed assets received during the year is \$0 (2017 - \$34,403).

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 12 DISPOSAL OF SITES AND BUILDINGS

During the year ended June 30, 2018, Metchosin Elementary situated at 4495 Happy Valley Road, Victoria, BC was sold for \$1,500,000. Of the property sold, one acre was acquired in 1871, a further two acres was purchased in 1951 and 1.72 acres in 1965. The total original cost of the land was \$4,550. Of the \$1,429,920 in proceeds received, 21% was allocated to Ministry of Education Restricted Capital within Deferred Capital Revenue (\$ 300,283) and 79% to Local Capital (\$ 1,129,637).

NOTE 13 EMPLOYEE PENSION PLANS

The School District and its employees contribute to the Teachers' Pension Plan and Municipal Pension Plan, jointly trusteed pension plans. The board of trustees for these plans represents plan members and employers and is responsible for the management of the pension plan including investment of the assets and administration of benefits. The pension plans are multi-employer contributory pension plans. Basic pension benefits provided are based on a formula. As of December 31, 2017, the Teachers' Pension Plan has about 45,000 active members from school districts, and approximately 37,000 retired members from school districts. As of December 31, 2017, the Municipal Pension Plan has about 197,000 active members, of which approximately 24,000 are from school districts.

Every three years, an actuarial valuation is performed to assess the financial position of the plans and the adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plans. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plans. This rate is then adjusted to the extent there is amortization of any funding deficit.

The most recent actuarial valuation of the Teachers' Pension Plan as at December 31, 2014 indicated a \$449 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2014 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, the employer basic contribution rate decreased. The next valuation will be as at December 31, 2017 with results available in late 2018.

The most recent actuarial valuation of the Municipal Pension Plan as at December 31, 2015 indicated a \$2,224 million funding surplus for basic pension benefits on a going concern basis. As a result of the 2015 basic account actuarial valuation surplus and pursuant to the joint trustee agreement, \$1,927 million was transferred to the rate stabilization account and \$297 million of the surplus ensured the required contribution rates remained unchanged. The next valuation for the Municipal Pension Plan will be as at December 31, 2018 with results available in 2019.

Employers participating in the plans record their pension expense as the amount of employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the plan records accrued liabilities and accrued assets for each plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets, and costs to individual employers participating in the plans.

The School District paid \$9,582,473 (2017: \$8,630,606) for employer contributions to these plans in the year ended June 30, 2018.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 14 RESTRICTED ASSETS – ENDOWMENT FUNDS

Donors have provided endowment contributions which have been invested in GIC's as follows:

- GIC's maturing in 2020 bearing interest at 1.90% Cal Meyer endowment
- GIC's maturing in 2019 bearing interest at 1.20% STARR endowment
- GIC's maturing in 2019 bearing interest at 1.20% Sooke Women's Institute endowment
- GIC's maturing in 2018 bearing interest at 1.50% Derochie endowment

All of the endowments were established to provide scholarships and bursaries for one or more deserving graduate or undergraduate students in full time attendance at Edward Milne Community School.

Donors have placed restrictions on their contributions to the endowment funds of the School District. One restriction is that the original contribution should not be spent. Another restriction is that any investment income of the endowment fund that is required to offset the eroding effect of inflation or preserve the original value of the endowment should also not be spent.

| Name of Endowment | Balance Endowment July 1, 2017 Cont | | | | | Balance June 30, 2018 | |

| Total | \$ 6 | 642,839 | \$ | - | \$ | 642,839 | |

NOTE 15 TRUSTS UNDER ADMINISTRATION

The School District is in a trustee relationship with employees under the deferred salary leave plan and the teachers' summer savings plan.

As at June 30, 2018, the District held the following funds in place, as directed by agreement with the employees. These amounts have not been included in the cash or accounts payable balances in the financial statements:

| | Jur | ne 30, 2018 | June 30, 2017 | | |
|---|-----|--------------------|---------------|--------------------|--|
| Deferred Salary Leave Plan Teachers' Summer Savings Plan | \$ | 127,137 714,672 | \$ | 204,529 531,235 | |
| Total | \$ | 841,809 | \$ | 735,764 | |

NOTE 16 INTERFUND TRANSFERS

Interfund transfers between the operating, special purpose and capital funds for the year ended June 30, 2018, were as follows:

- Transfer to the capital fund for tangible capital assets purchased from the operating fund \$475,954
- Transfer to the capital fund for tangible capital assets work in progress from the operating fund \$953.970
- Transfer to the capital fund for tangible capital assets purchased from the special purpose fund \$57,023

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 17 RELATED PARTY TRANSACTIONS

The School District is related through common ownership to all Province of British Columbia ministries, agencies, school districts, health authorities, colleges, universities, and crown corporations. Transactions with these entities, unless disclosed separately, are considered to be in the normal course of operations and are recorded at the exchange amount.

NOTE 18 CONTRACTUAL OBLIGATIONS

The School District has entered into a number of multiple-year contracts for the delivery of services and the construction of tangible capital assets. These contractual obligations will become liabilities in the future when the terms of the contracts are met. Disclosure relates to the unperformed portion of the contracts.

| | 2019 | 2020 | 2021 | 2022 | 2023 | Therea | after |
|-----------------|------------|------------|------------|------------|-----------|--------|-------|
| Premises leases | \$ 205,941 | \$ 176,164 | \$ 176,164 | \$ 176,164 | \$ - | \$ | - |
| Copier leases | 117,460 | 81,926 | 65,302 | 57,973 | 25,213 | | - |
| Total | \$ 323,401 | \$ 258,089 | \$ 241,466 | \$ 234,137 | \$ 25,213 | \$ | |

The School District has entered into contracts related to capital projects with a remaining cost of approximately \$2,520,698.

NOTE 19 CONTRACTUAL RIGHTS

Contractual rights are rights to economic resources arising from contracts or agreements that will result in revenues and assets in the future. The School District's contractual rights arise because of contracts entered into for the leasing of School District property. The following table summarizes the contractual rights of the School District for future assets.

| | 2019 | 2020 | 2021 | 2022 | 2023 | Thereafter |
|-----------------------------|-----------|-----------|----------|----------|----------|------------|
| Future lease/rental revenue | \$240,924 | \$141,934 | \$95,521 | \$51,003 | \$46,740 | \$202,540 |
| Total | \$240,924 | \$141,934 | \$95,521 | \$51,003 | \$46,740 | \$202,540 |

NOTE 20 CONTINGENT ASSETS

Contingent assets are possible assets arising from existing conditions or situations involving uncertainty. That uncertainty will ultimately be resolved when one or more future events not wholly within the School District's control occurs, or fails to occur. Resolution of the uncertainty will confirm the existence or non-existence of an asset.

At this time the School District has determined that there are no contingent assets.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 21 CONTINGENT LIABILITIES

The nature of the School District's activities is such that there is usually litigation pending or in process at any time. With respect to unsettled claims at June 30, 2018, management believes the School District has valid defenses and appropriate insurance coverage in place. In the event any claims are successful, management believes that such claims are not expected to have a material effect on the School District's financial position.

NOTE 22 BUDGET FIGURES

Budget figures included in the financial statements were approved by the Board through the adoption of an amended annual budget bylaw on February 27, 2018. The original budget was adopted on June 13, 2017. The original and amended budgets are presented below.

| | 2018 | |

| Budgeted Surplus (Deficit), for the year | 74,682 | (895,000) |

NOTE 23 ASSET RETIREMENT OBLIGATION

As at June 30, 2018, the School District has identified asset retirement obligations relating to asbestos removal in several of its facilities. The asset retirement obligations have not been recognized where there is an indeterminate settlement date of the future demolition or renovation of the facilities, and therefore the fair value cannot be reasonably estimated. The asset retirement obligation will be recognized as a liability in the period when the fair value can be reasonably estimated.

At this time the School District has determined that there are no asset retirement obligations.

| Total Accumulated Surplus | \$ 88,137,617 | \$ 51,477,260 | | |

The Internally Restricted Fund Balances are composed of an Internally Restricted Operating Fund balance and an Internally Restricted Capital Fund balance. The Internally Restricted Operating Fund balance represents the amount of funds committed for planned future years' operating activities. The Internally Restricted Capital Fund balance represents the balance from the Local Capital Reserve. The use of Local Capital is entirely at the discretion of the School District. Appropriations from Local Capital are made to finance projects as determined by the Board.

NOTE 26 ECONOMIC DEPENDENCE

The operations of the School District are dependent on continued funding from the Ministry of Education and various governmental agencies to carry out its programs. These financial statements have been prepared on a going concern basis.

NOTES TO FINANCIAL STATEMENTS YEAR ENDED JUNE 30, 2018

NOTE 27 RISK MANAGEMENT

The School District has exposure to the following risks from its use of financial instruments: credit risk, market risk and liquidity risk.

The Board ensures that the School District has identified its risks and ensures that management monitors and controls them:

a) Credit risk

Credit risk is the risk of financial loss to an institution if a customer or counterparty to a financial instrument fails to meet its contractual obligations. Such risks arise principally from certain financial assets held consisting of cash, amounts receivable and investments.

The School District is exposed to credit risk in the event of non-performance by a borrower. This risk is mitigated as most amounts receivable are due from the Province and are collectible.

It is management's opinion that the School District is not exposed to significant credit risk associated with its cash deposits and investments as they are placed in recognized British Columbia institutions and the School District invests solely in guaranteed investment certificates with a fixed maturity date.

b) Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. Market risk is comprised of currency risk and interest rate risk.

i. Currency risk

Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the foreign exchange rates. It is management's opinion that the School District is not exposed to significant currency risk, as amounts held and purchases made in foreign currency are insignificant.

ii. Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in the market interest rates. The School District is exposed to interest rate risk through its investments. It is management's opinion that the School District is not exposed to significant interest rate risk as it invests solely in Guaranteed Investment Certificates that have a fixed maturity.

c) Liquidity risk

Liquidity risk is the risk that the School District will not be able to meet its financial obligations as they become due.

The School District manages liquidity risk by continually monitoring actual and forecasted cash flows from operations and anticipated investing activities to ensure, as far as possible, that it will always have sufficient liquidity to meet its liabilities when due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the School District's reputation.

Risk management and insurance services for all School Districts in British Columbia are provided by the Risk Management Branch of the Ministry of Finance.
